Unclaimed Monies held by the Insolvency and Public Trustee's Office ("IPTO")

	As at 2024
Total amount of unclaimed monies held by IPTO	**$278 million**
Total amount of un-nominated CPF monies left unclaimed with IPTO	**$184 million**[1]
Total amount of other monies left unclaimed[2] with IPTO	**$94 million**

[1] In 2024, around $67 million of un-nominated CPF monies was added to the pool of unclaimed monies held by IPTO.

[2] IPTO also administers unclaimed monies due to pawners, creditors and recipients of refunds from insolvent estates (involving cases of both individual and corporate insolvency), as well as beneficiaries of estates of deceased persons.

Figures updated as of 31 December 2024

Note on Unclaimed Monies

1. As at 31 December 2024, the amount of unclaimed monies held by IPTO was $278 million, comprising $184 million of un-nominated CPF monies and $94 million of other monies. These monies remained unclaimed despite efforts[1] undertaken by IPTO to contact the beneficiaries.

2. In the last 5 years, about $1.33 billion, or 16.1%,[2] of CPF monies belonging to deceased persons was transferred to the Public Trustee's Office ("PTO") for distribution due to the absence of a nomination, in accordance with the Intestate Succession Act 1967 or the Administration of Muslim Law Act 1966. PTO has distributed about $1.11 billion, or 84.0%,[3] of these monies received from CPF Board.

3. We encourage CPF members to make their nominations and review them when circumstances change so that their CPF monies can be distributed according to their wishes. For convenience, CPF members can make a nomination online at the CPF website.

[1] For un-nominated CPF monies, IPTO has made use of available information to trace the possible rightful beneficiaries.
[2] Based on deaths in 2020-2024, for amounts paid out from year of death until 30 June 2025.
[3] Based on deaths in 2020-2024, for amounts paid out from year of death until 30 June 2025.

4. By making a CPF nomination, adult nominees will receive their monies more quickly and directly from the CPF Board at no cost. In contrast, the distribution of un-nominated CPF monies is subject to a statutory fee charged by the Public Trustee. Click the link to view the applicable statutory fees.

5. We also encourage members of the public to make a will as part of legacy planning, so that the estate (monies, property, other assets, etc.) can be distributed according to their wishes after death.[4] Testators may deposit information about their wills with the Singapore Academy of Law ("SAL") Wills Registry.

Submission of claims

6. We strongly urge individuals who are legally entitled to the un-nominated CPF monies of their deceased next-of-kin to come forward and submit their claims via PTO's eServices.

7. For unclaimed monies held by IPTO, please visit MinLaw's PTO and Insolvency Office websites to access the unclaimed monies database and submission procedures.

8. For unclaimed monies held by other Government agencies, claims may be submitted at the Ministry of Finance's Unclaimed Monies website.

[4] Please note that CPF monies cannot be distributed via a will.
